

BSMA Tentative In-Person Guidelines*

Governor Baker's office has developed a four-phase plan for reopening businesses in Massachusetts. Following the plan, martial arts schools will reopen in Phase 3 which is scheduled on June 29th. Bay State Martial Arts is looking forward to reopening for in-person classes on Tuesday, June 30th. However, for those not ready for in-person classes, we will also continue the Zoom classes simultaneously.

In the process of getting ready for in-person classes, the entire facility is being cleaned and disinfected. Precautionary measures will include controlled traffic through the building, limited class sizes, mandatory masks worn when entering, drop off for youth students, temperature checks, and social distancing.

In addition, we will modify several aspects of our classes for the time being. We will have designated places for students in the training rooms. We will also limit children's games to those that can be performed with social distancing.

Face masks will be required for everyone at first but can be removed and placed in a paper bag during class. Of course, all the other precautions that were in place before the quarantine began will still be in place. Cleaning of mats, surfaces, and equipment will all be stepped up significantly. Students should stay home if sick and will be asked to leave class if there are any indicators of illness. Students should also stay home if they have at-risk family members at home. Students will be required to sanitize hands before entering training rooms and on breaks.

We will reopen and get back to training together as soon as possible. It has been difficult for many of us to deal with the quarantine and the challenges that it poses on us. However, we need to continue to deal with this in an intelligent way that minimizes risks for everyone, while also trying to keep our lives as normal as possible. With the steps outlined by the authorities, and our own safety plan we are confident that we WILL gradually return to normal while staying as safe as possible.

- Students arrive already dressed in their gi
- Tiny Tigers, please don't wear belt to class
- Waiting room is closed (drop off only)
- Parents can watch on Zoom (not in waiting room)
- Students must wear their own face mask when entering the dojo
- Face masks can be removed and placed in a paper bag during class
- One student will be allowed in at a time for temperature checks
(please wait outside socially distancing to be called in)
